**TELEPHONE:** Home: 03 51443904, Mobile: 0428919691  
**EMAIL:** sdwalker@netspace.net.au

## **STUD HISTORY**

The Stud was established in 1994 with the purchase of foundation females from Willack PHS and Palarang Pastoral Company. Females from Taradale and River Perry studs were added to form the foundation for the herd.

Charellen Top Quality by Bowen Kildonan and River Perry St Kilda by Bobanken Kossiosko were the sires used over the foundation females.

A small number of heifers have been retained each year for herd improvement with selection based on breedplan figures, confirmation and moderate birth weights.

Within the cow herd emphasis is placed on milking ability, structural soundness, fertility, growth and temperament.

Thirty stud females are joined each year with 4 or 5 bull calves selected from the calf drop to be offered for sale.

All cattle are recorded on Breedplan.

## **SIRES IN USE**

Recent sires have included Guilford Zest & Madelle Batchelor.

Charnock Dizzy, a low birth weight, high milk sire by Debarry Eden out of Heatherdale Banksia was purchased at the Charnock female dispersal.

Purchased in 2010 is Guilford Dreamer by Guilford Atomic, a bull with good length and structure and impressive growth figures.

## **DIRECTIONS**

On the western approach to Sale, turn off the Princes Highway at Wurruk into Settlement Road. Travel 3 kilometres and turn into McOwens Road.
