**Address:** Parrys Rd , Meeniyah Vic 3956  
**Telephone:** David & Ann 03 5664 7556 (phone/fax)  
0429 800 756  
**Email :** meikledd@sympac.com.au

## Stud History

This 100 cow herd, has been producing Poll Hereford seed stock for Gippsland for over 50 years. All that time the emphasis has been on breeding cattle able to meet the needs of local commercial producers. This includes an ability to perform off grass, with attractive muscular cattle. Over the years many sires have been used carrying the successful bloodlines of their day.

Bulls are prepared for sale off grass. Each of the breeding cows are expected to produce a calf per year with low maintenance. AI is used routinely as part of the joining practice.

A Breedplan performance recorded herd, all cattle are muscle scanned and the 200,400 and 600 day weights recorded. Not afraid to test their cattle, the Meikle family have been regular competitors in the "Farm World Steer Trial", with their steers being regularly placed in the top 25% with wins and placings. The last win was 2010. Wins have also been gained in the Gippsland Steer Challenge.

The Meikle family are regular participants in the annual Stock and Land beef week event and enjoy showing their cattle to visitors.

### *Sires in Use,*

Studbrook D'Artagnion (AI), Ebbx Calgary (AI), Allendale Robinhood D194(AI), Heatherdale Kansas(AI), Tarwin Ziggerman (by Heatherdale Caretaker) , Tarwin Conqueror (by Maungahina Dr Grace), Tarwin Beecham B014 (by Mount Difficult Unsworth )
